Cisselon,

(b) (6)

As we discussed, attached is a proposed tolling agreement relating to EPA's civil claims under Clean Air Act Section 112(r) and 40 CFR Part 68 at the Puget Sound Refinery, with the standard Department of Justice terms for such agreements.

Once we get a tolling agreement in place, I proposed sending you a letter laying out EPA's compliance concerns in the next couple of weeks. We can then meet in person or by phone to discuss, and figure out next steps.

I look forward to hearing back from you next week. As I mentioned, EPA's offices are closed on Monday, but I will be back in the office on Tuesday.

Hope you are having sunny skies and nice breezes!

Regards,

Julie A. Vergeront
